

CONSORZIO DEI PROPRIETARI DI PUNTA SARDEGNA E PORTO RAFAEL

Porto Rafael, 20/03/2017

Dear Members,

as President of the Consortium of Punta Sardegna Porto Rafael, I am pleased to send this first e-mail message.

The idea of communicating by e-mail instead of the usual postal service is an important step forward for us as a Consortium. As well as being a more efficient form of communication it also gives us the ability to communicate faster and especially also receive your immediate feedback.

In this way, we plan to keep you constantly informed on various issues of life of the Consortium, such as organizational news, improvements on waste collection, plans for a more efficient water distribution, the schedule of cultural events planned for the summer and more.

The only communication that will still be sent by post, as well as email, will be the invitation to the Assembly, as required by statute.

The dues for syndicated costs and water consumption will all be sent via email and will be available for each Consortium member in their own private space on the Consortium web site. A password will be required to access this private information, so those who do not yet have a password, please kindly ask the secretariat.

It is also my pleasure to introduce Mr. Markus Dickey, the new director of our Consortium. Mr. Dickey boasts a respectable professional curriculum which includes four spoken languages. He will be looking forward to meeting and getting to know you.

Our primary objective is to maintain and protect the interests of all Consortium members and to carry forward the original spirit with which Porto Rafael was conceived and maintain unwavering faith in the Rafael philosophy.

Cordial greetings, and hope to see you soon in Porto Rafael!

The President
Dietmar Hubert
